

7.10.19

Present – Craig Gibbens (CG), Paula Mitchard (PSA) Amy King, Rob Carter, Pam Bartlett, Sam Matthews Nino and Sonja Pierantonio.

- **The Daily Mile** was proposed by Mrs Pierantonio – is it something we could do daily? PM talked about couch to 5k at Kingsbury Green. A straw poll among attendees put both cases across. **Action CG to raise with SMT**
- **New toilets** – not being left in a hygienic state – seats covered in urine and not very welcoming. This means some children are not wanting to use them. Toilet doors are not being shut either. **Action CG to speak to children in assembly**. PM suggested some hygiene posters – can Priestley Parliament get involved.
- **Main gates closed** – the dumper truck was squeezing through the side gate, in between children – **Action CG**
- **Progress of the building** – an update was given by CG and PM as regards to where we are at now and when we are likely to finish.
- PM asked for feedback on **Parent Pay** and the trips. A few comments were made around it being longwinded e.g. basket – another page – confirm – pay etc. Positive feedback was received regarding knowing about the trips. Good that you can pay in instalments and weekly.
- See-Saw – when is it launched – is it live? **Action CG to follow this up**
- Re-cycling options – would we consider plastic re-cycling and pens for sure. Pass over to Priestley Parliament. Is the Eco-School something we would consider again?
- Nearly new clothing – is this something we would consider. PM explained a system working at Fynamore. **Action CG to raise with AMB**.

Ideas for future meetings:

- Priestley Parliament – present on the work they are undertaking
- Transition – term 6 when classes are known

No other ideas came from the forum.

Meeting closed 3.05 p.m.

Next meeting – Wednesday, 11th December 2019 at 6 pm.
